

AMARANTHUS TRICOLOR

Amaranthaceae

Annual suited for sunny borders.

In contrast with *Amaranthus caudatus* this strain bears no flowers.

Yet the decorative foliage makes this plant a very attractive item.

Low N benefits the intensity of the leaf colours.

Perfectly suitable for public gardens.

A108 'Early Splendor',
brown foliage with red top leaves. 

A490 'Tricolor Splendens Perfecta',
green leaves with brown spots
and red - yellow top leaves. 

Amaranthus Tricolor 'Splendens Perfecta'

Amaranthus Tricolor 'Early Splendor'
